

application development initiative

Tuesday, Oct 22, 8-10pm, Butler 208

Intro to RESTful APIs Workshop

What makes an API RESTful? What makes a good REST API? How do you build apps on top of these APIs? How do you build your own APIs? Come join us and Ricky Robinett, Developer Evangelist at Twilio to talk about all things REST-y. Food will be provided.

Thursday, Oct 24, 8-9pm, Mathematics 203

Facebook Tech Talk

Want to learn about the code that runs behind Facebook? Come learn about the HipHop Virtual Machine (HHVM), a just-in-time compiler for PHP. Dinner will be served, so please RSVP on our Facebook event!
